

FR / Leather Welding Jacket

FR Clothing Range

Combining the best attributes of split leather and flame-resistant cotton, the ESAB FR/leather welding jacket gives fantastic protection from welding spatter in a comfortable, lighter weight jacket than a full leather option. This combination jacket includes three generous internal pockets to hold all essentials without the possibility of catching hot materials. A full-length hook-and-loop front fastening system with standing collar seals out hot material while still being quick and easy to remove.

Designed for comfort as well as protection, generous sleeves with adjustable cuffs facilitate a good fit. Under-arm gussets also help when welding overhead, helping to ensure that the sleeve always covers the entire arm.

- Premium split leather shoulders and arms
- Full torso 100% FR cotton denim
- Kevlar® stitching
- FR cotton standing collar
- Internal pockets and under-arm gussets
- Double bar tacking
